

## SELF-CONTAINED BREATHING APPARATUS

MODEL: RHZK 6/30

MODEL: RHZK 6.8/30

### DESCRIPTION

This suit is easy to operate, and can be used for rescuing or working in the petrochemical, electrical power and mine exploiting as well as the noxious environment with rare oxygen.

### SPECIFICATIONS

**Come with component:** Silicone full face mask, Cylinder, pressure gauge and alarming device, back support, demand valve, pressure reduce valve.

**Pressure gauge:** To see the air pressure and balance. The dial plate made of luminous material which can be ready clearly in dark.

- **Product Inspection Standard:**  
Requirements of the International Code for Fire Safety Systems and GA124-2004
- **Certification:**  
EC-MED (GL) and CCS
- **EC Type Examination Certificate No.:**  
54775 – 08 Lux

Model	Working pressure (MPa)	Volume (L)	Air Deposit (L)	Duration Period (M'in)	Alarm Pressure (MPa)	Weight (Kg)	Material of Cylinder	Packing (mm)
RHZK6/30	30	6	1800	50-60	4~6	≤14	Steel	755x460x290
RHZK6.8/30	30	6.8	2040	50-60	4~6	≤10	Al. lined Carbon fiber	755x460x290
